D. E. O'KEEFE.....EDITOR AND PROPRIETOR

City Council Meeting

On Monday evening a large number of business men and citizens were present at the meeting of the board of town trustees.

City Attorney Kincaid presented the report of James V. Neuman, acting city engineer, in regard to the grading and macadamizing of Roosevelt avenue. The report was accompanied by maps and profile of the highway, with a description of the amount and kind of work to be done, and an estimate of the cost, as well as the assessment each property holder would be called upon to pay. The report was read in full by the clerk, accepted and filed, on the motion of Trustee Hynding.

A resolution was then presented and read calling for the publication of notice that the board of town trustees had adopted the resolution. The resolution was adopted, Hynding, Fuley and Luscheer voting aye, Trustee Walker absent.

The city attorney then presented a resolution declaring that the following streets should be graded to the official subgrade for macadamizing and then macadamized:

Second St. from bridge to D street; Third street, from the southerly end to D street; Fourth street, from railroad to D street; Sixth street, from Arguello to C street; Seventh street, from county road to railroad, and from Arguello to C street; B street, from First to Fourth street, and from Fifth to Eighth street; C street, from First to Eighth street; D street, from Second to Seventh street; Webster street from bridge to Jefferson street; Franklin street from Jefferson street to Main street excluding bridge; Jackson street from railroad to county road; Madison street from Franklin to county road; Monroe street from railroad to Franklin street; Main street from a point opposite B street to Holder street; Maple street from Hillton to Main street; Cassia street from Stambulough to Main; Elm street from Stambulough to Phelps street; Elm street from Heller street to railroad; Elm street from Main street to Lathrop street; Cedar street from Stambulough street to the county road excluding right of way Southern Pacific; Chestnut street from railroad to county road; Heller street, from Mound street to Chestnut street; Phelps street from Chestnut street to boundary line of town; Cooper street from Mound to Spruce street; Pine street from Mound to Spruce street. The resolutions were adopted.

A Genochio requested the board to order the curbing of Walnut street from Main street to Stambulough street. On motion of Hynding seconded by Luscheer, the order was made.

Asa Hull addressed the board and said that inasmuch as the board could not agree to grant a permit to the Stauffer Chemical Company to construct and operate a spur track along Chestnut street that he as a business man of the town wished to make some compromise to the end that the track permit could be granted, and desired the board to indicate its feelings upon the matter. Chairman Hynding said that he was ready at all times to assist in coming to an understanding by which all those interested could agree upon a compromise.

Mr. Chamberlain stated that as it now stood the matter was closed, but that a new issue could be made and action taken upon the subject.

The subject was passed with the understanding that it come up at the next meeting in a new form.

Trustee Hynding called attention to the condition of the sidewalks along Pennsylvania or Railroad avenue.

Attorney Kincaid said that he could not say who was responsible for the sidewalks until he examined the records and learned about the ownership of the land upon which the sidewalk was laid.

SMALL BOY'S ARM BROKEN

Verdon Kreiss, the seven-year-old son of George Kreiss, was knocked down by a four-horse team at the corner of First and A streets Tuesday noon. The boy had stepped off the curb in front of the team as it turned the corner and was knocked down by one of the horses and laid under the wagon. When he attempted to rise his head struck against the axle and was knocked down again which probably saved his life, for he lay until the wagon passed over him when he was picked up and taken to a butcher in the employ of T. P. Maloney. The little fellow was taken to his home and Dr. Barrett summoned who found that one of the small bones of the fore arm was broken. There was also a slight scalp wound inflicted by the axle. At last report we was getting along nicely and can congratulate himself upon a very narrow escape.

"CHAMORITA" AT HALFMOON.

The celebration of Pentecost Sunday by a "Chamorita" by the Portuguese of Halfmoon Bay this year promises to eclipse all former events of this kind on the coastside. The committee having charge of the arrangements are sparing no pains to make the celebration a success. The procession will leave the hall at 8 o'clock Saturday evening, marching to the church. Returning to the hall a grand ball will be held all night.

Jamaica's Green Turtles.

An official of Jamaica in a report on turtle fishing, which is the chief industry of the Cayman islands, says that green turtles display an extraordinary sense of locality. It has happened more than once that turtles marked with the initials of their captors have escaped from their crawls in Grand Cayman and within three months have been recaptured at the fishing ground, a distance of over 200 miles. The last instance of this was when a crawl was cut down and 200 turtles escaped. Within three months thirty of them were caught by different fishing boats off the Nicaraguan coast.

The Utilitarian Age.

The more picturesque the country the more inevitable it appears to be that its beauty must be menaced and in most instances eventually much impaired by the erection of a hideous line of telephone posts, with their relentless reminder that we live in an age in which the beautiful has constantly to be sacrificed to the useful.—Country Life.

SHORT LOCAL SUGGESTIONS

NEWS GATHERED IN REDWOOD CITY AND VICINITY

L. P. Behrens departed last Monday for Santa Barbara to attend the annual convention of the bankers of California. Mr. Behrens has attended these meetings for a number of years and is very popular with the bankers.

Notwithstanding the curfew's strike in San Francisco there is still a great demand for the Golden Eagle and Oakwood cigars. Strike or no strike smokers will have no other cigars. They are delicious and have a fragrance that delight the smoker. These goods are manufactured from specially imported tobacco by George Weehring, proprietor of the Red Front cigar store.

Louis Fehren, wife and child are here from Metz on a visit to Mr. Fehren's parents. He is a fireman for the Southern Pacific Railroad Company and his run is out of Metz.

Superintendent of schools Roy Cloud is visiting the schools on the Coast side this week. He is expected home today.

Music and science will be eliminated from the final examinations of the grammar school that is soon to take place. The school will close on June 21.

The Juniors of the Sequoia High School will give a dance in the Alhambra on May 24th. The function is given in honor of the Senior class that graduates on Friday evening May 31st.

Visited Her First California Home.

Mrs. S. H. Woodside, who spent a few days last month with James Crowe, and who resided at Woodside nearly 30 years ago has written the following account of her trip for the Oakland Leader. Mrs. Woodside is now and has been for many years a resident of Oakland, Stanislaus County.

EDITOR LEADER: Sir—I paid a visit last week to my first home in California—Redwood City and Woodside, in San Mateo county—and had a pleasant time under trying circumstances. I left Oakland by the Southern Pacific, changing cars at Stockton and going through the Livermore valley to Niles, where I again changed to the Santa Clara valley, one of the loveliest valleys in the state of California—level as a floor, soil as fertile as can be made and a climate to suit every wish. Arriving at Redwood City at 6 p. m., I was entertained at the home of James Crowe and family, and I can not say too much in praise for their kind hospitality. Mr. Crowe is a pioneer undertaker of Redwood City, having lived there many years, and being one among my first acquaintances in California, I was cordially received and everything that could be done was done to make my visit pleasant.

I took a drive through the country to see the changes which Father Time and money have made since the early '70s. It is perfectly wonderful to note the changes in these places in so few years. In 1876 Woodside was only a wild little town lying at the foot of the Coast Range mountains, with narrow roads, just room enough to pass; in winter mud too deep to pull through and in summer dust hub deep and so fine that one passing through it would almost smother. Now the roads are wide and beautiful, made so by wealthy capitalists who have bought land and built beautiful homes, making a little paradise out of the once forsaken forest. You would almost believe you were entering the park at San Francisco, so great has been the change—trees and flowers everywhere growing on the hill-sides, and gravelled drives leading into beautiful grounds. Among the noted men who have taken the lead in this wonderful march of progress are the following named: J. J. Moore, Charles Joselyn, Dr. Tripp, Attorney A. Comte, John Talbot, M. B. Jackson, J. A. Folger, Hugh McArthur, C. K. McIntosh, A. Neuman, M. L. Scalmain and F. W. Sickert. We wish a few such men would come to Oakland.

MRS. S. H. WOODSIDE.

Petition for Sale of Church

The directors of the First Baptist Church of Redwood City have petitioned the Superior Court for permission to sell the property of the church consisting of a certain lot with improvements in the Eastern Addition to Redwood City and being a portion of block 74.

The following directors held a meeting on May 5th, O. M. Johnson, Samuel Berry, Catherine Stevens and George H. Kingham and came to the conclusion this would be best for the church. The desire of the directors is that the property be sold to C. W. Brinard, trustee of the General Baptist Convention of California. In this way the church will get sufficient from the Convention to keep it repair and conduct services there and for all other purposes. At present the membership is small and the revenue is not sufficient to keep up the services. The matter has been set for hearing on June 20th.
